# ROCKSTUDIO V2.2 QUICKSTART GUIDE

Hello and welcome to the quick-start guide for RockStudio V2.2.

1) Create a folder called 'Editor Default Resources' and put it directly under the Assets root folder. So this would be Assets/Editor Default Resources.
2) Find the folder 'Icons' under Assets/Ameye/RockStudio/Icons and move that folder into the Editor Default Resources folder.

3) Find the image 'GreySquared.png' under Assets/Ameye/RockStudio and move that file into the Editor Default Resources folder.

4) Re-start Unity
5) Click Tools/RockStudio
6) Enjoy the tool!
